FOR LIFE
Furniture

About Us

- For Life Furniture Manufacturing LLC is a UAE-based joinery and furniture manufacturing company specializing in high-quality custom woodwork, interior fit-out solutions, and bespoke furniture for residential, commercial, and hospitality projects.
- Headquartered in Jebel Ali Industrial Area, Dubai, with additional production facilities in Jebel Ali and Umm Al Quwain, the company operates modern manufacturing workshops equipped with advanced woodworking machinery and professional finishing facilities. Our production systems are designed to ensure precision, efficiency, and consistency at every stage of the manufacturing process.

- **At For Life** we provide complete end-to-end joinery solutions, starting from design coordination and shop drawings to manufacturing, finishing, delivery, and installation. Our production capabilities cover a wide range of joinery works including internal doors, wardrobes, kitchens, vanities, wall cladding, decorative panels, custom cabinets, and bespoke furniture pieces, all manufactured according to project specifications and international quality standards.

- **Our company** is supported by a strong and experienced workforce, with more than 50 skilled craftsmen and technicians working in our production facilities, including carpenters, machine operators, painters, polishers, and installation specialists. Supporting the factory operations is a professional back-office and management team of more than 12 employees, including engineers, project coordinators, procurement specialists, estimators, and administrative professionals who ensure efficient project management and smooth communication with clients.

By combining advanced manufacturing technology with skilled craftsmanship, For Life Furniture Manufacturing LLC consistently delivers projects with high precision, reliable quality, and on-time performance. Over the years,

we have successfully contributed to numerous high-end villas, residential towers, and commercial developments across the UAE, building a reputation for quality workmanship, excellent finishing standards, and dependable service.

 Our Vision

Vision

01

is to create joinery and furniture solutions that combine durability, functionality, and refined design — products truly built to last for life.

02

To become a trusted name in high-quality furniture and interior fit-out solutions in the UAE.

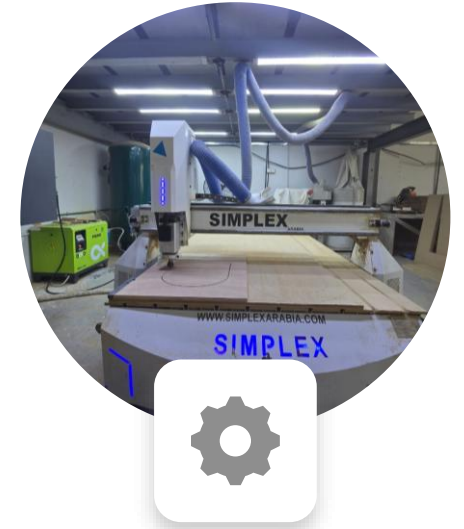

Our Capabilities & Facilities

At For Life Furniture Manufacturing LLC, our manufacturing facilities are designed to deliver high-quality joinery and custom furniture with precision, efficiency, and consistency. Our factories in Jebel Ali and Umm Al Quwain are equipped with modern woodworking machinery and advanced production systems that allow us to handle both large-scale construction projects and bespoke furniture works.

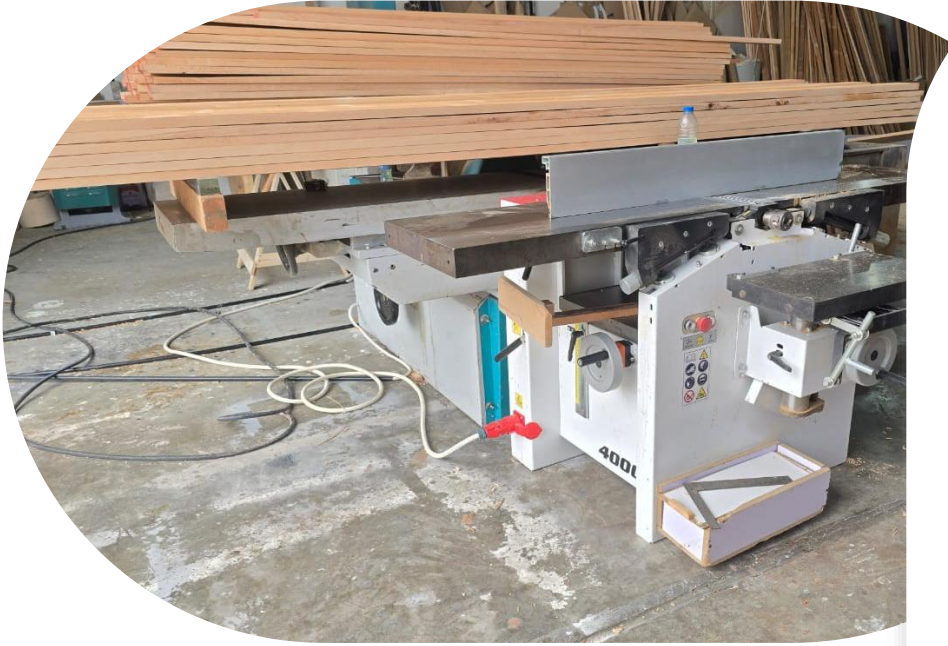

Advanced Machinery

These machines enable us to maintain strict quality control, high production efficiency, and consistent finishing standards across all projects.

Our production lines are equipped with a wide range of professional woodworking machines, including:

- CNC Routing Machines for precise cutting and complex designs
- Panel Saw Machines for accurate cutting and material optimization
- Automatic Edge Banding Machines for clean and durable finishing
- PVC Edge Processing Machines for high-quality PVC edge applications
- Multi-Boring and Drilling Machines for precise hardware preparation
- Hydraulic Press Machines for veneer and panel pressing
- Sanding and Surface Finishing Machines for smooth finishing preparation
- Professional Spray Painting Booths for high-quality paint and lacquer finishes

Our manufacturing capabilities include:

- Internal wooden doors
- Wardrobes and walk-in closets
- Kitchen cabinets and vanities
- Wall cladding and decorative panels
- Custom cabinetry and storage units
- Bespoke furniture and interior woodwork
